

SORT is good, **REDUCE** is better !

SORTING GUIDE

TO KEEP

SORT IS GOOD, REDUCE IS BETTER !

Asking for a doggy bag at the restaurant, buying a compost bin with 15 € refund, using washable diapers for the baby...

Everyone can choose easy ways to reduce its waste ! What about you ?

DON'T THROW AWAY, DONATE !

Textile bins

No matter its condition, even old and used, you can sort your textile in a white bin. Textile have to be clean and dry, deposited in a bag. Shoes have to be tied by pair.

Textile, linen, leather goods and shoes deposited in the bin are sorted for reuse or recycling.

Find textile bins : www.lafibredutri.fr/carto

Give your objects a second life

Second hand shop, flea market, specialized web site, or donation (local associations, friends, neighbours). Find « ESPACES DONS » for your objects on our recycling centers (Chauvigny, Lussac-les-Châteaux, Millac, Montmorillon, Verrières, Usson-du-Poitou).

After reparation or cleaning by Corbeau Blanc and ADECL employees, these objects will be sold at low cost in Queaux* and Lussac-les-châteaux.

AT THE RECYCLING CENTER

How it works ?

- Access is reserved to inhabitants who pays its waste bill to SIMER.
- Come, at least 15 min before the close.
- For large drop-off (more than 5 m³), please contact your recycling center before coming.
- On site, ask an agent and respect sorting rules.
- Recycling center agents are presents to guide you and keep the site safe.

1

→ organise your trunk or trailer

2

→ A doubt ?
Ask an agent

3

→ with a smile,
it's better !
